PREFACE.

To The Public:

This volume is the Eleventh Edition of the Evanston Directory published by the Evanston Press Company.

The Evanston Directory this year contains the names of 12,440 adults, or residents of Evanston over 18 years of age. Of this number 3,551 are married women whose given name appears in the same line with that of the husband.

Last year the Directory returned 12,182 adults, 3,419 of whom were married women. The total number of adults this year is 258 more than last year, while the number of married women has increased 132 over last year. It will be noticed that there are 806 more unmarried women in Evanston this year than men.

The totals of this year's Directory are made up as follows:

Number of married men	3,551
Number of married women	3,551
Number of unmarried women	3,072
Number of unmarried men	2,266
Total	12,440

The Evanston Directory will be published annually as heretofore, with such additions and changes as may be necessary to make the volume as nearly perfect as patience, money and experience can make a work of this kind.

As in previous years the Directory this year has been compiled and printed entirely in Evanston by the

EVANSTON PRESS CO.,
Publishers.

BORDEN'S UNSWEETENED CONDENSED MILK

It is pure, rich milk to which nothing is added and from which water only is removed, thus leaving all its richness in a concentrated state. It may be reduced to any richness simply by adding water. For *Coffee* it is unsurpassed, for *Infants* it is a superior food, and in *Cooking* it gives excellent results. : : : : : : : : : : :

BORDEN'S UNSWEETENED CONDENSED MILK

It is pure, rich milk to which nothing is added and from which water only is removed, thus leaving all its richness in a concentrated state. It may be reduced to any richness simply by adding water. For *Coffee* it is unsurpassed, for *Infants* it is a superior food, and in *Cooking* it gives excellent results. : : : : : : : : : :

PECK BROTHERS COMPANY, Chicago May 28, 1900.

Gentlemen: It gives us great pleasure to testify to the perfect satisfaction which your direct flushing water closets have given us since they were put in our Gymnasium over six months ago. They have been in constant use, and with the exception of a little adjustment which was made when they were first put in, they have not required a moment's attention or a cent of expense since then to keep them in order. Our experience with these closets thus far has been absolutely satisfactory.

Yours very truly, WILLIAM BOYD, General Secretary.

The "AQUAMETERS" have been installed in many places in Evanston, and among them are the following

BORDEN'S UNSWEETENED CONDENSED MILK

It is pure, rich milk to which nothing is added and from which water only is removed, thus leaving all its richness in a concentrated state. It may be reduced to any richness simply by adding water. For *Coffee* it is unsurpassed, for *Infants* it is a superior food, and in *Cooking* it gives excellent results. : : : : : : : : : : :
